

Year group: 5

Time Allocation: 1/2 term

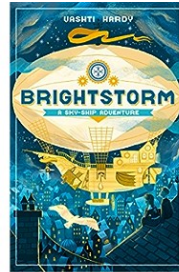

Date: Autumn 1 2024

Classes: Kielder and Morpeth

Let Your Light Shine  
Matthew 5:16

## Year 5 Curriculum

### Core Value

#### Resilience

We will be learning about the different ways to be resilient.

Our fresh reliance on Jesus reminds us that we "can" do all things through Christ who strengthens us (Philippians 4:13)

#### Homework

Please ensure that your child reads regularly at home and practises their times tables. Weekly homework of Maths and grammar will be given out on a Friday and is to be returned by the following Thursday.

#### English: Brightstorm

We will be using our core book 'Brightstorm' by Vashti Hardy to inspire our writing. We will create a persuasive letter and write our own narrative linked to this book.

Reading: For our comprehension focus we will explore a variety of fiction and non-fiction texts using our skills of retrieval and inference to answer questions.

#### Maths: Place Value

This half-term we will be learning all about place-value in numbers up to one million, including comparing and ordering numbers and rounding before moving on to addition and subtraction. We also learn about multiplication and division whilst continuing to embed our multiplication facts.

#### RE: How can following God bring freedom and justice?

The children will make connections between the story of Moses and the concepts of freedom and salvation. They will understand the ways in which some Christians put their beliefs in to practice by trying to bring freedom to others.

#### Computing:

This half term we will be thinking about e-safety. We will also investigate computing systems and networks.

#### Science: Sun, Earth & Moon: What is moving and how do we know?

As Scientists, we will investigate the movement of the Earth and other planets around the sun. As well as exploring the phases of the moon and finding out why we have day and night.

#### Geography: Why is Fair Trade fair?

This half-term we will learn about climate zones, biomes and vegetation belts, settlement and land use to investigate economic activity, including trade links and distribution of natural resources.

#### Art and Design: Space

As artists, we will use multi-media techniques to create space inspired art. We will use sketchbooks for purposes including recording observations and research, testing materials and working towards an outcome more independently. We will also research and discuss the ideas and approaches of a variety of artists.

#### French: La Phonetique

In our first Y5 unit will learn a selection of the key phonemes to facilitate accurate and authentic pronunciation.

#### PSHE: Me and my relationships

We will think about feelings, emotions, conflict resolution and friendships.

#### Music: Living on a Prayer - Rock anthems

As musicians, we will learn all about classic rock by listening to, composing and performing music inspired by 5 great rock artists.

#### PE: NUFC AND Swimming

For this half term, Year 5 will be working with NUFC on multi-skills and following unit 1 of real PE: Personal. This will take place every Tuesday afternoon so the children must come to school dressed in full PE kit. Morpeth Class will also go swimming on Friday afternoons.
